

Candidate Cabana Annotations

Landing Page — Event list

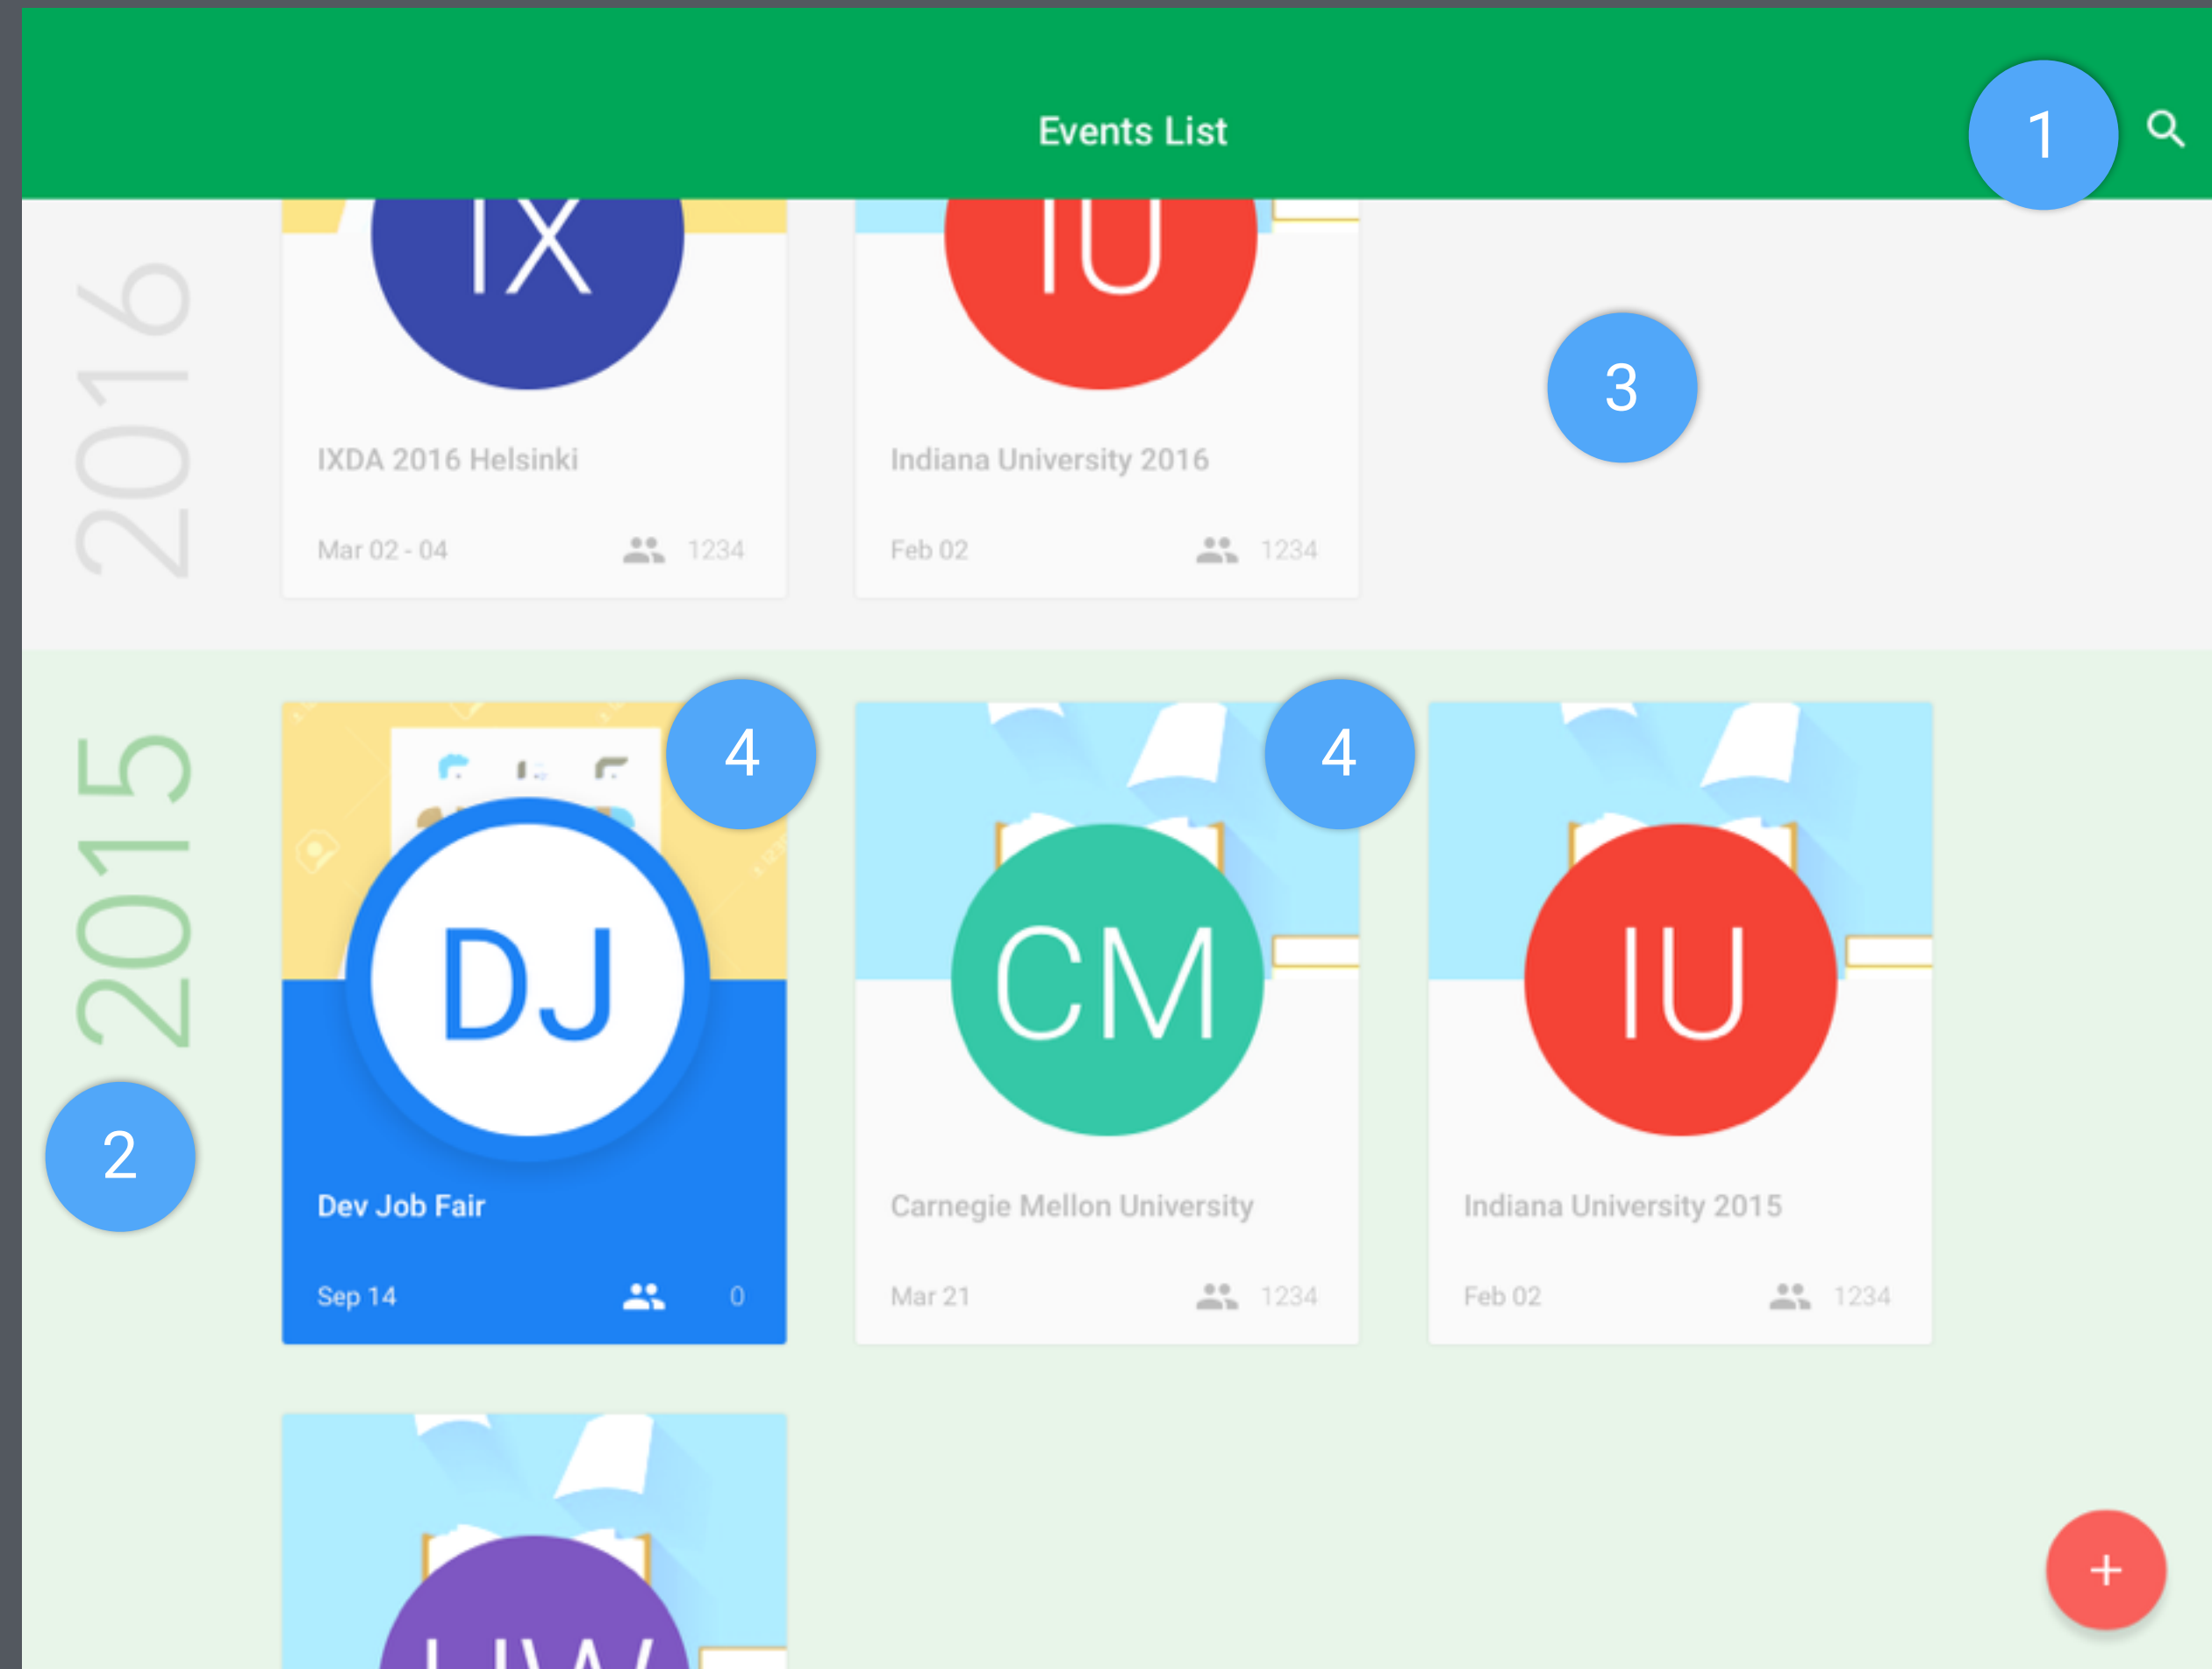

1 Events are grouped by their start year.

e.g. Event A starts on **Dec 31, 2014** and End on **Jan 3rd, 2015** it should be counted as an event in **2014**

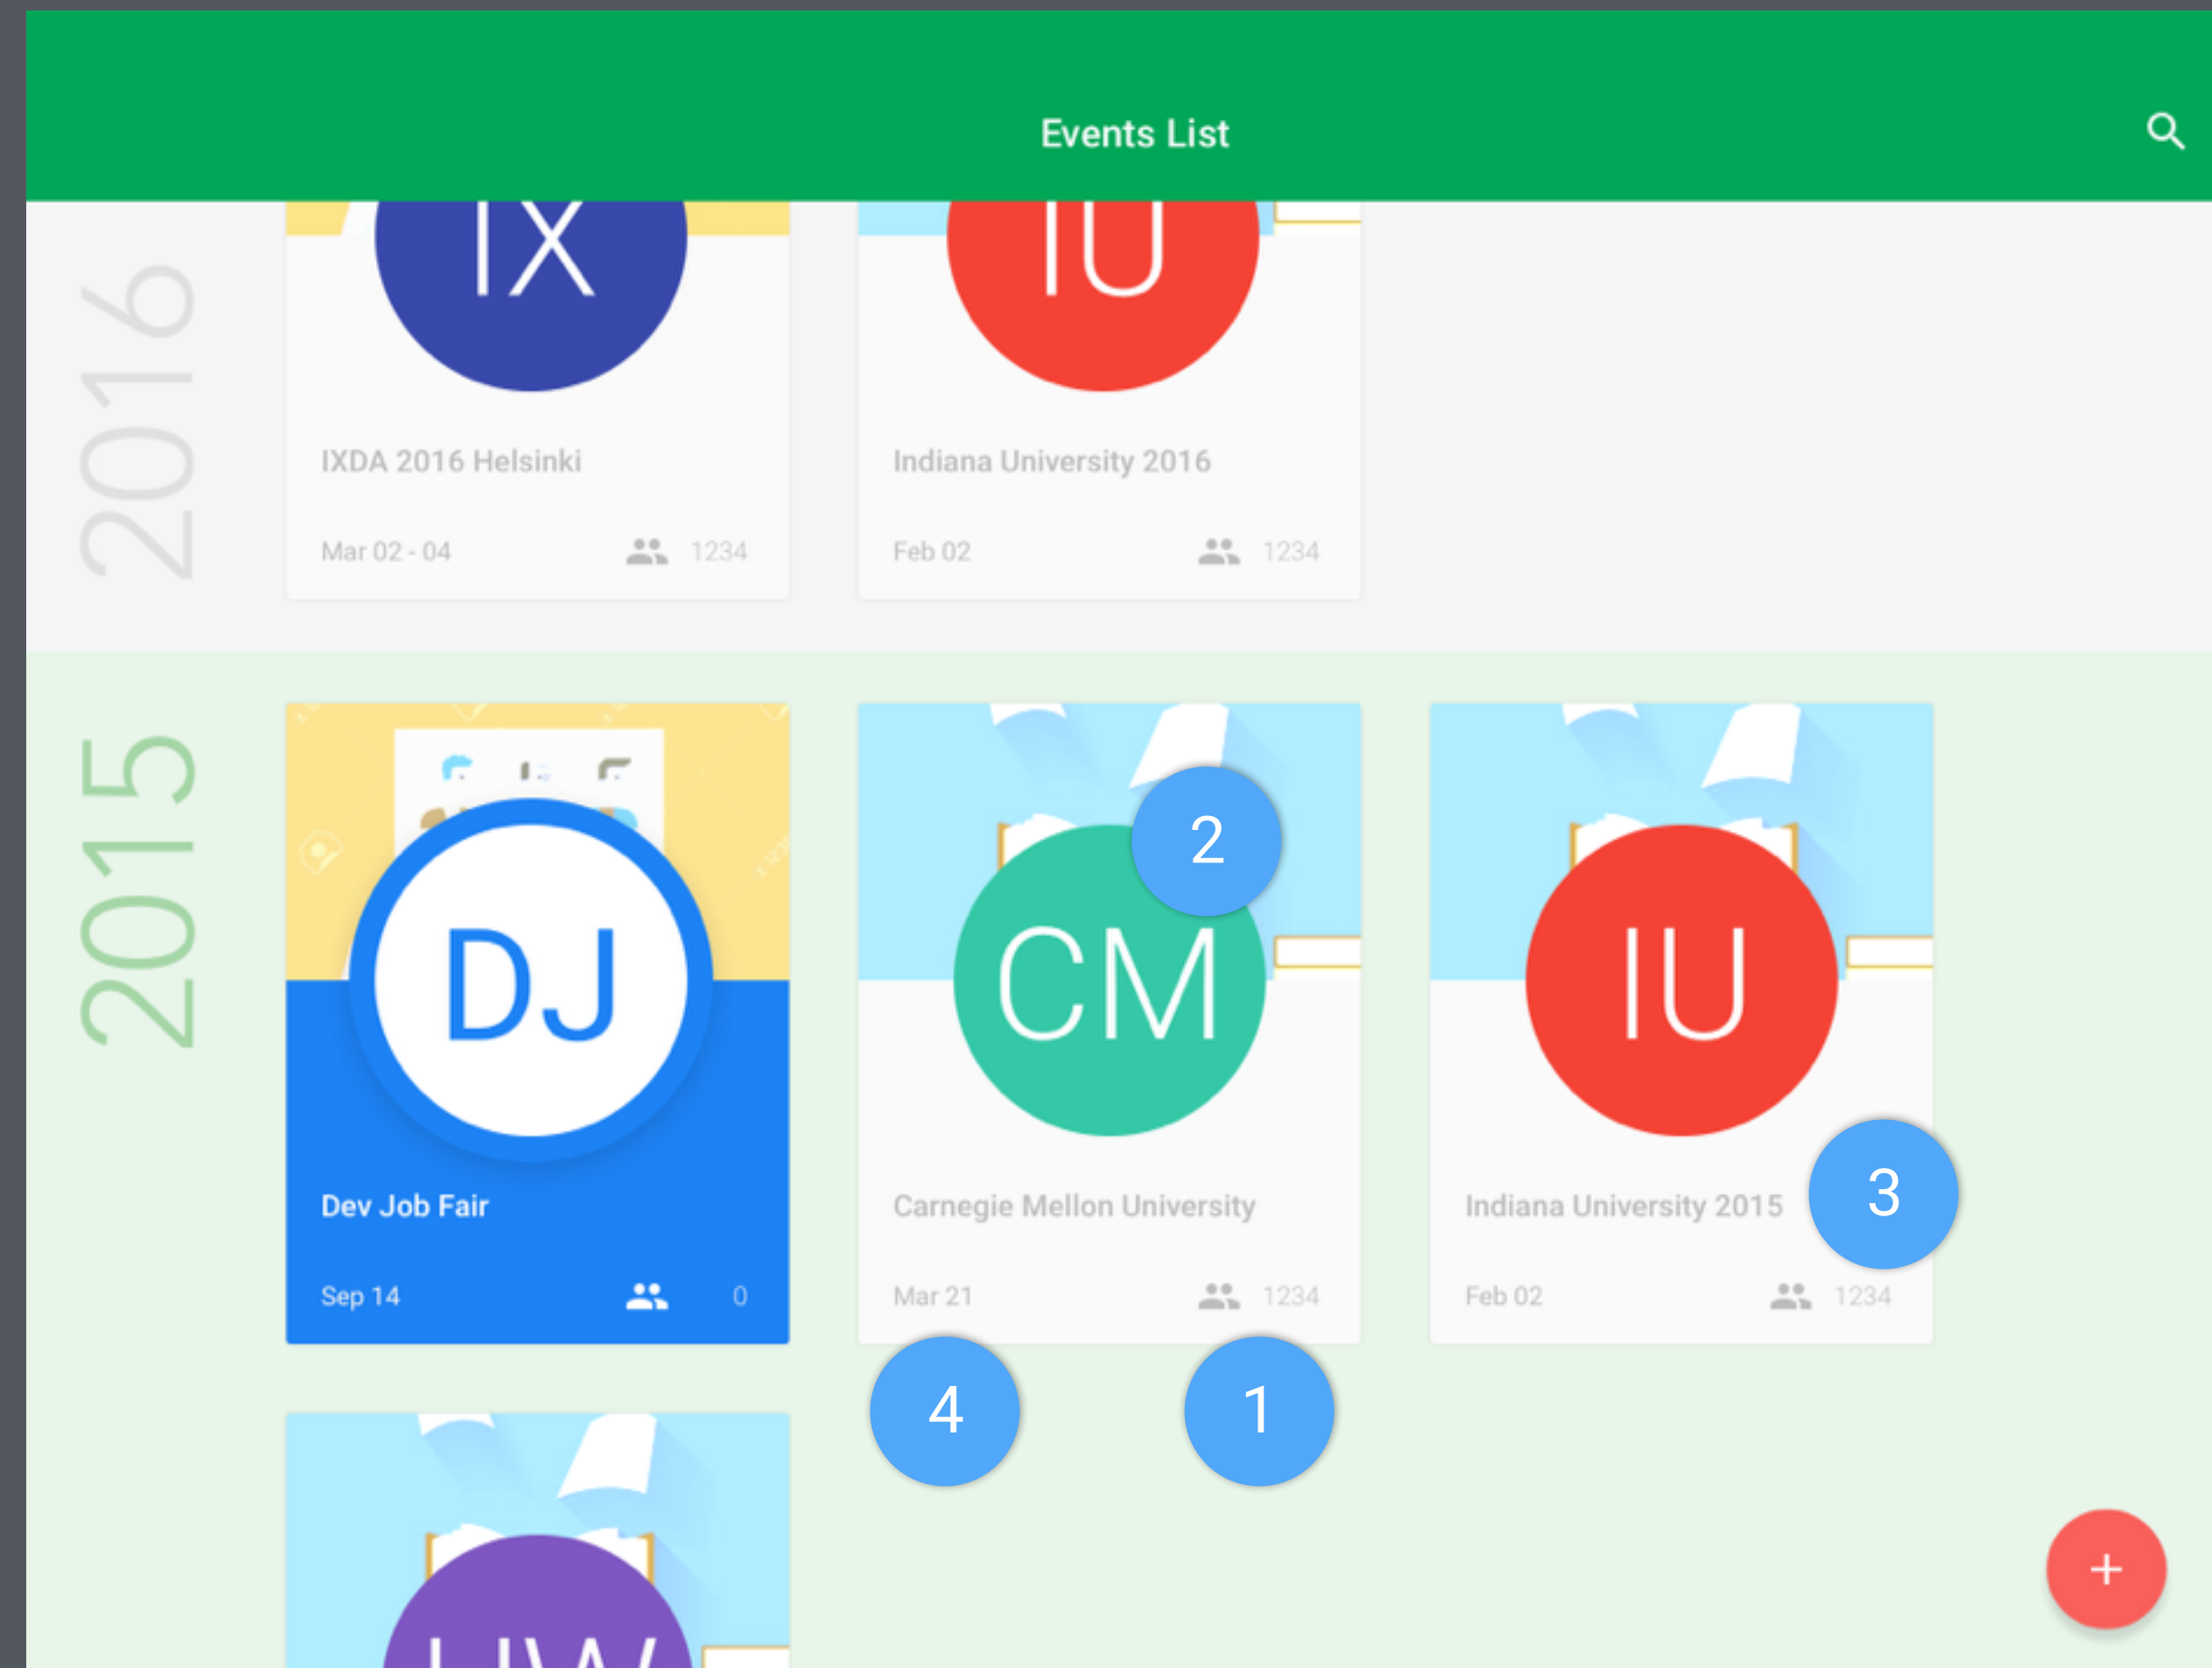

2 If there're future events exist in system, it should just shows a part of the nearest future year when this page is loaded.
The current year should always be the main part when this page is loaded.

Landing Page — Event list

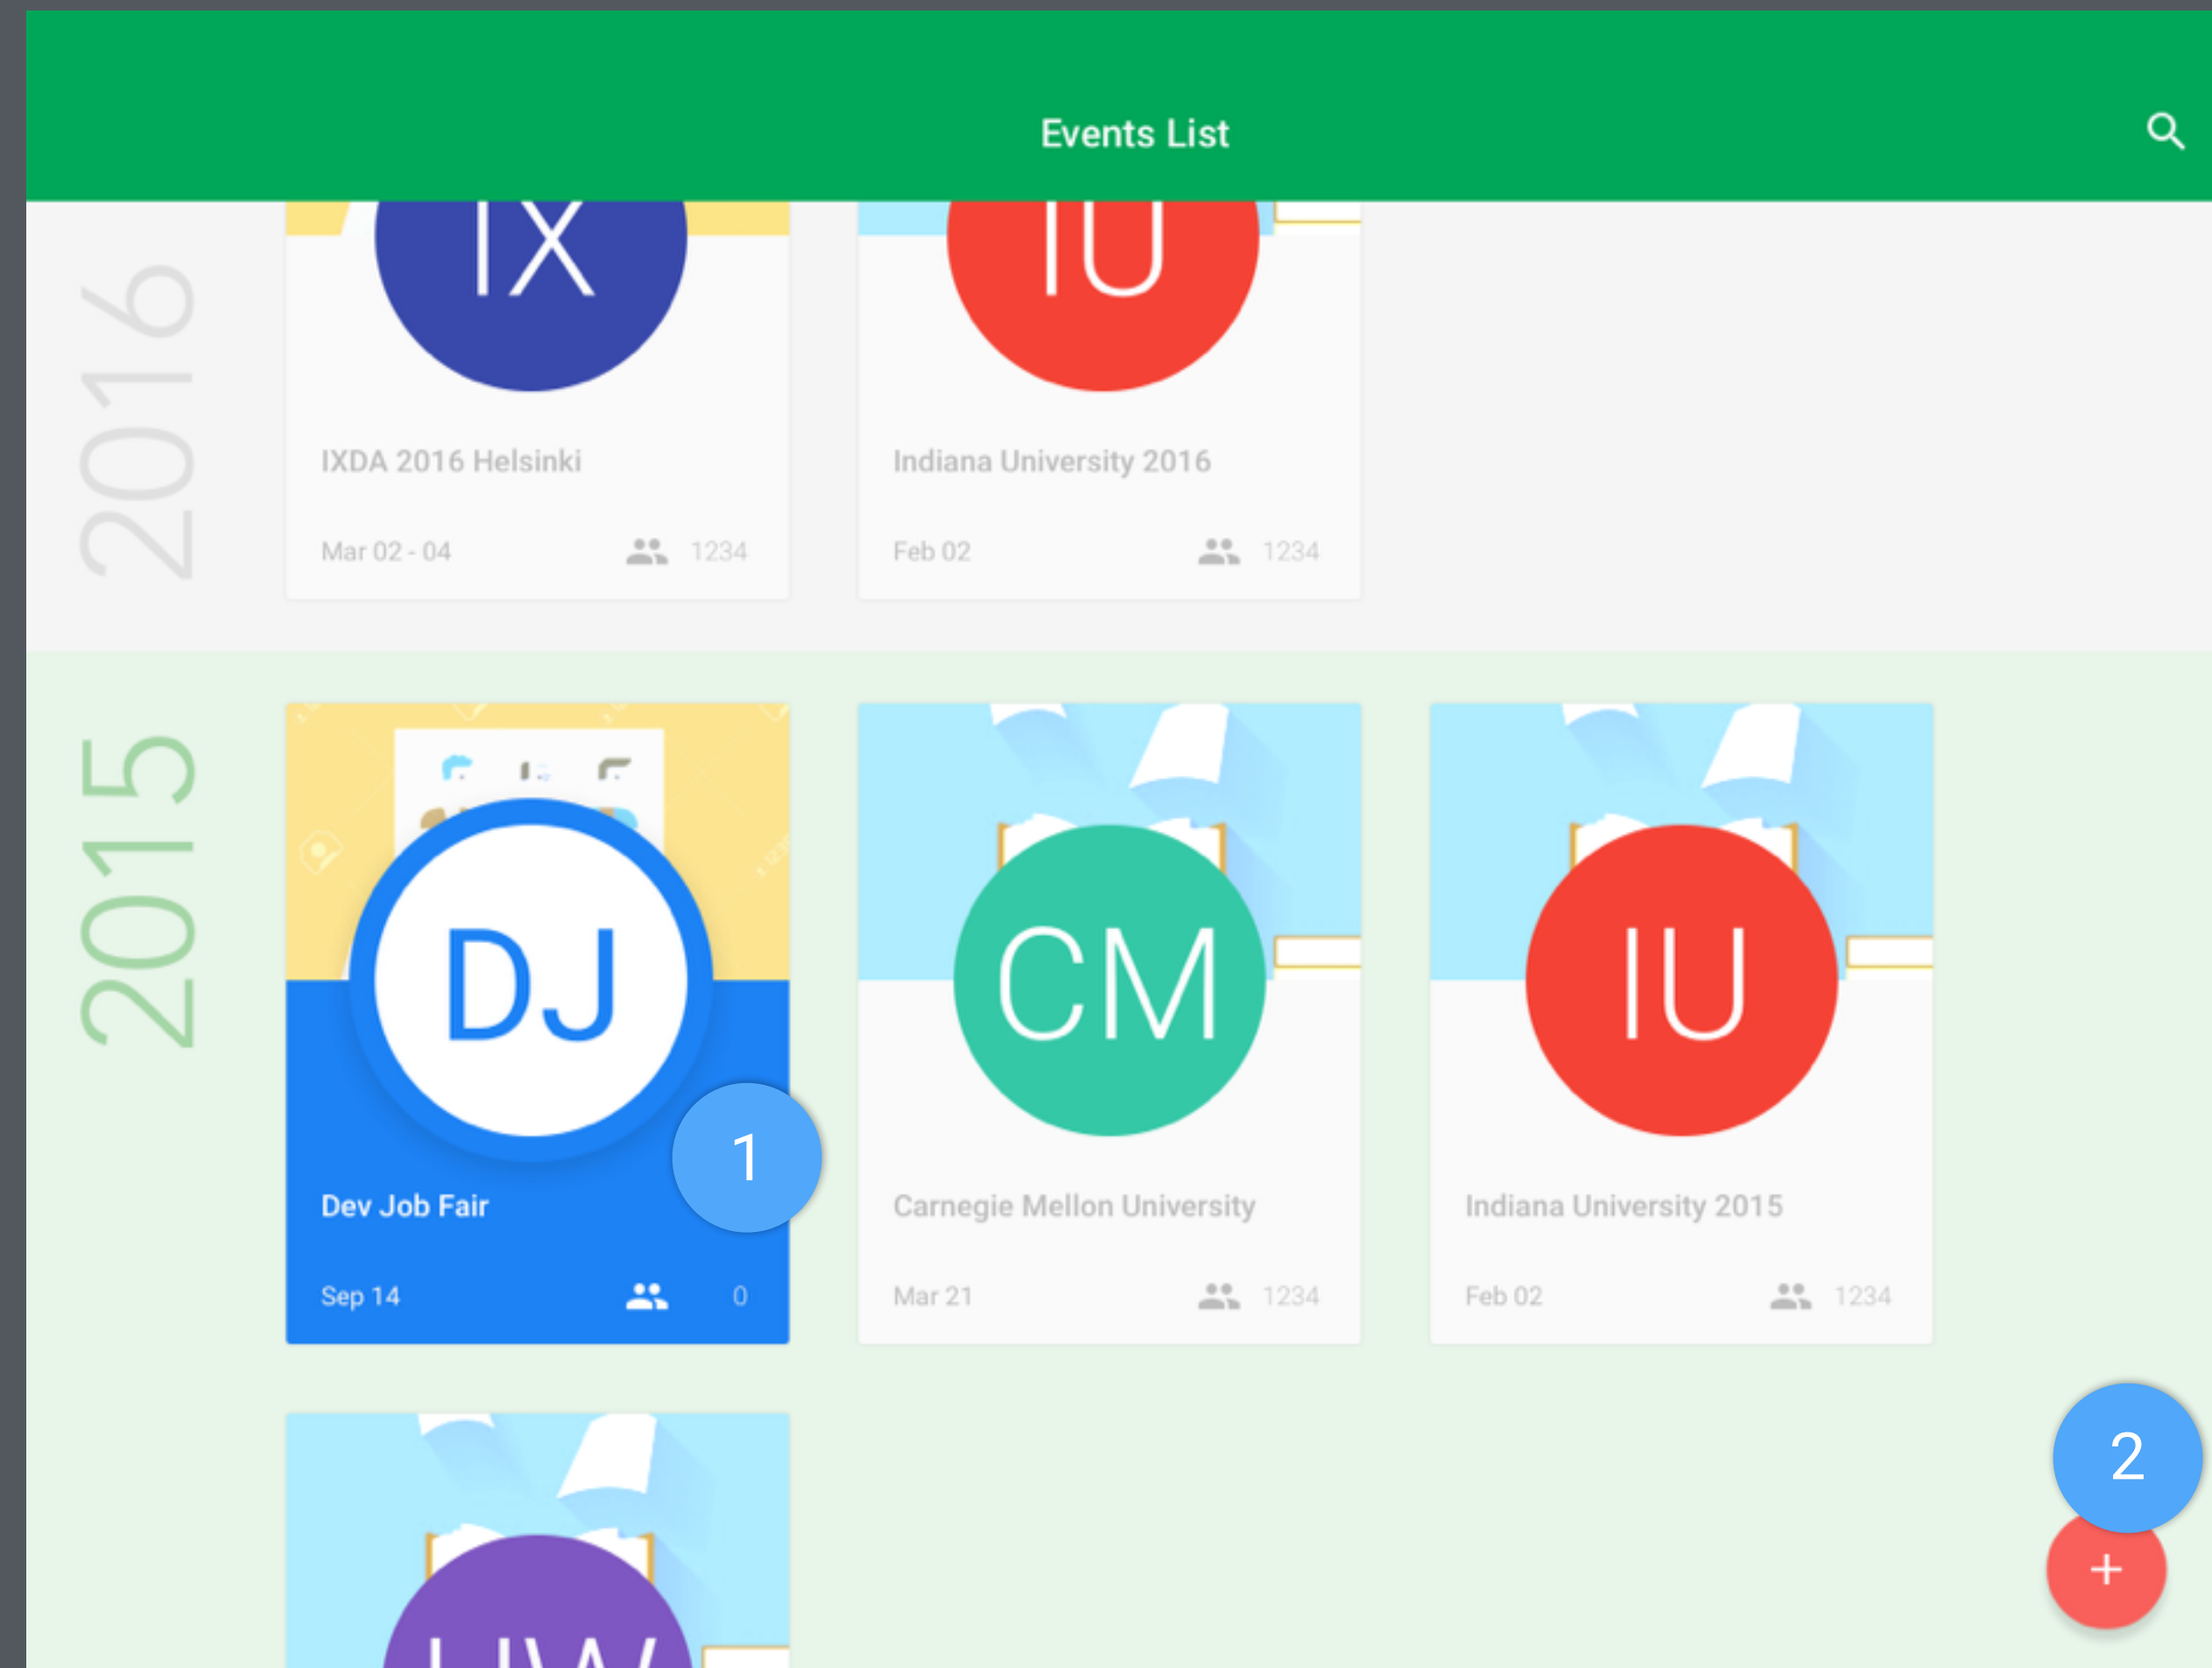

- 1 Search by Event Name
- 2 The current year is visually highlighted to draw users attention
- 3 Adjacent years should use different background colors for easily distinguishing.
- 4 Use Background image to indicate different types of event. Currently there're two type: Conferences and Campus Tours

Landing Page — Event list

- 1 Shows how many candidates we have collected within the event.
- 2 Event Initial is base on the first two uppercase letters in its event name.
- 3 Event Name
- 4 Event Date

Landing Page — Event list

1 The most recent event should be visually highlighted.

e.g. We held an Event A yesterday and have an Event B in next week. Then, A should be highlighted, because A is closer to today than B.
Add a new event

2

Creating Event

The screenshot shows a 'Create New Event' form with a teal header bar containing a close button (X) and the title 'Create New Event'. On the left, there are two event type buttons: 'Conference' (grey) and 'Campus Tour' (teal). The main form area has a teal header with 'Event Name'. Below this is a list of form fields: 'Name of the University', 'Start Date' and 'End Date (Optional)', 'Add People who will go with you', 'Add School Contacts', 'Focused Program', and 'Random Color'. To the right is a live preview card showing a red circle with '...' and a card with 'Event Name', 'Date', and a person icon with '0'. A checkmark button is at the bottom right.

- 1 Focused text field should be highlighted, and provide a button (X) that user can clear the entire content within the text field.
- 2 Event Initial should be automatically created based on the event name.

Creating Event

1 Smart suggestion base on the contacts in Idean

Creating Event

The screenshot displays the 'Creating Event' interface. On the left, a sidebar contains two buttons: 'Conference' (with a star icon) and 'Campus Tour' (with a graduation cap icon). The 'Campus Tour' button is highlighted. A blue circle with the number '1' points to the 'Campus Tour' button. The main form area is titled 'IU HCI/d Connected 2016' in a teal header. Below the header, the form contains several fields: 'Indiana University' (with a graduation cap icon), 'Fri, Mar 13, 2016' (with a calendar icon and 'End Date (Optional)' text), 'Kathryn Hopkins' (with a person icon and a blue circle with the number '2' pointing to the contact information area), 'Marina' (with a person icon and a blue circle with the number '1' pointing to the name field), 'Focused Program (Optional)' (with a graduation cap icon), and 'Random Color' (with a red circle icon). To the right of the form is a preview of the event card, which features a large orange circle with 'IU' in white, the title 'IU HCI/d Connected 2016', and the date 'Mar 13'. At the bottom of the screen, there are two virtual keyboards. The left keyboard has keys for Q, W, E, R, T, A, S, D, F, G, Z, X, C, V, and a spacebar. The right keyboard has keys for Y, U, I, O, P, H, J, K, L, B, N, M, and a spacebar.

- 1 Campus Tour can add school contacts information. It includes the person's name, email and / or phone number.
- 2 Tap on these two buttons to add email and / or phone

Use different colors to indicate different type of filters.

Candidate Form

The image shows a mobile app interface for a 'Candidate Form'. At the top, the 'idean' logo is displayed. Below it, the form is titled 'BASIC INFO'. The form contains five input fields: 'First Name', 'Last Name', 'Email', 'Phone Number', and 'Portfolio Websit'. At the bottom of the form, there is a navigation bar with three elements: a close button (X), a progress indicator (three dots, with the first dot highlighted in green), and a next button (arrow). Three blue circles with white numbers are overlaid on the interface: '1' is over the close button, '2' is over the progress indicator, and '3' is over the next button. Two virtual keyboards are shown at the bottom of the screen, one on the left and one on the right, indicating the form is being used on a mobile device.

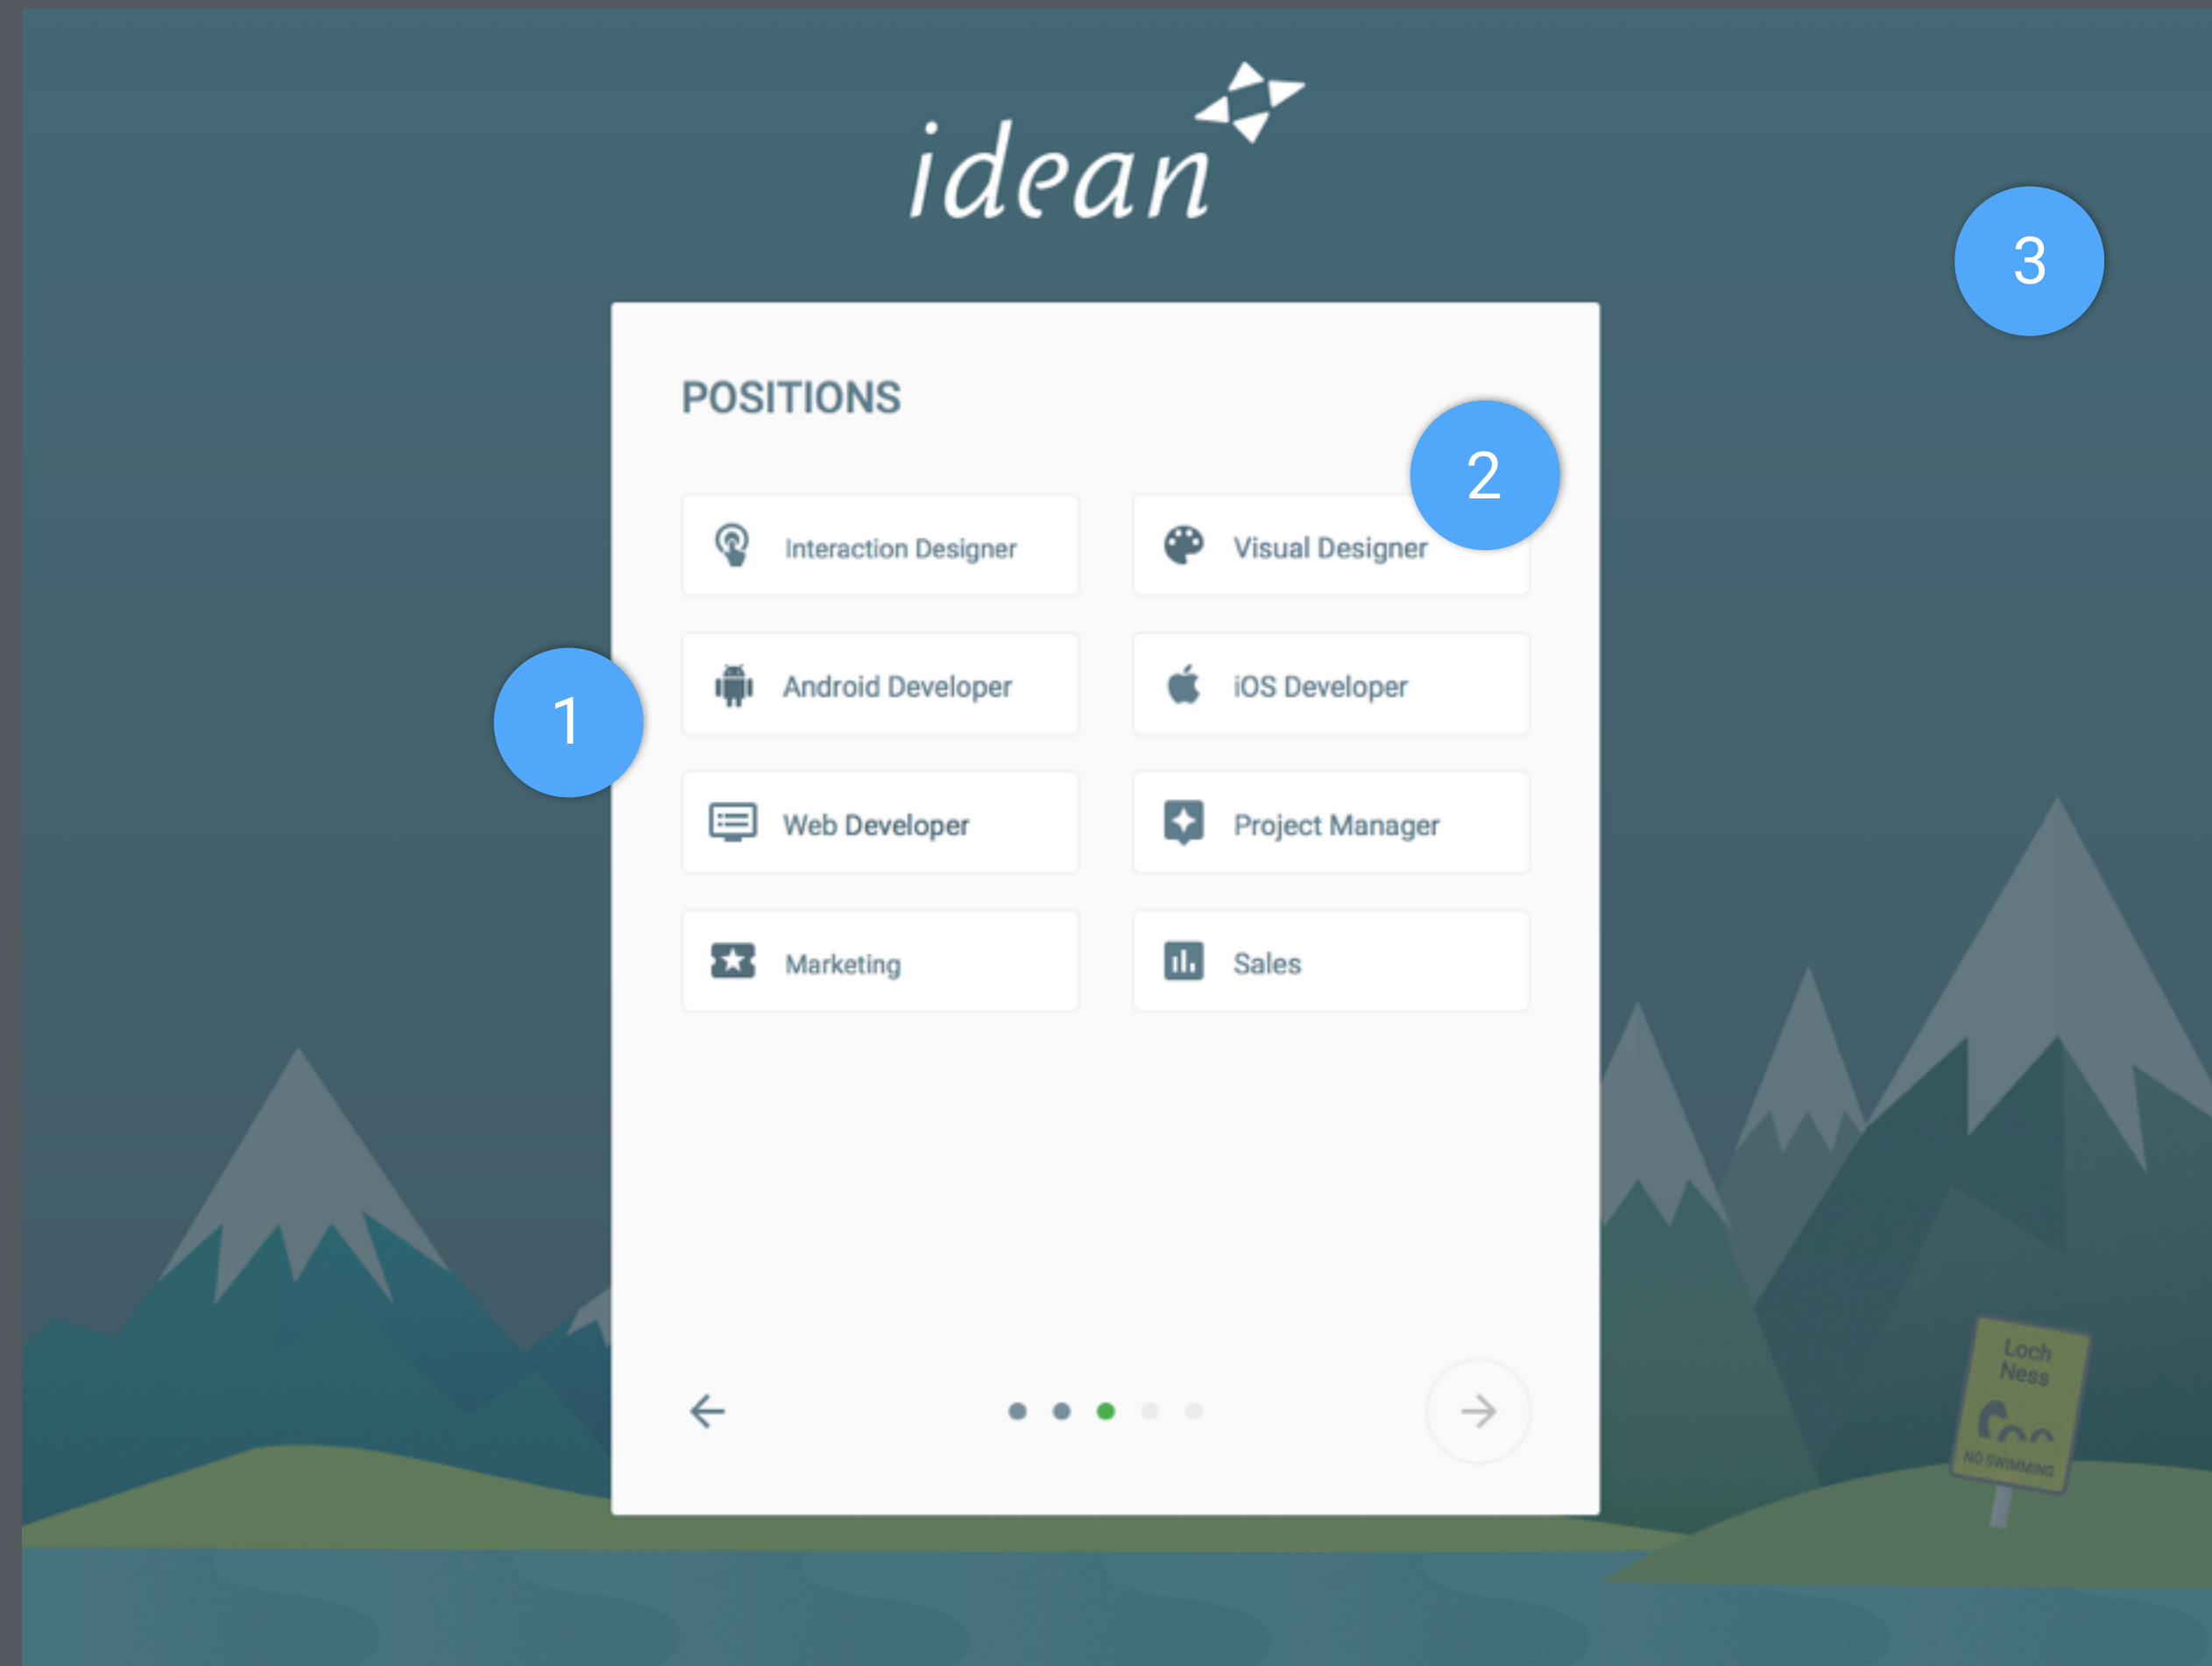

- 1 Single Tap to clean up all the content that has been filled. Triple Tap to go back to the event detail page. (We don't want candidates get access to the event detail page)
- 2 Process indicator: three colors should be used: Current, Finished, Unfinished
- 3 Next button won't be clickable until all the information (except optional) is filled.

Candidate Form

A screenshot of a mobile application interface for a 'Candidate Form'. The background is a dark teal color with a stylized mountain range and a body of water at the bottom. The 'idean' logo is at the top center. A white card titled 'ACADEMIC INFO' is centered. It contains three fields: 'Major' with the text 'Human Computer Interaction / Design', 'Degree' with a dropdown menu showing 'Select your degree', and 'Graduate Time' with a date picker. Three blue circles with numbers 1, 2, and 3 are overlaid on the form. Circle 1 is at the top left of the card. Circle 2 is next to the Major field. Circle 3 is next to the Graduate Time field. At the bottom of the card are navigation arrows and a progress indicator with four dots, the second of which is green. A small sign in the bottom right corner of the background reads 'Loch Ness NO SWIMMING'.

- 1 Academic Info will show up as the second page if the event is a Campus Tour.
- 2 Major info should be automatically filled if the event has Focused Program.
- 3 A year and month picker will pop-up.

Candidate Form

1 Candidates can applied more than one positions. But only one level for each of them.

2 Tap on any unselected position will pop up an model which include the description of the position and levels that available in Idean.

Tap on a selected one will cancel it.

3 The background color slightly changed every page. Like dawn, from dark night to morning light.

1 Preferred locations can be multiple selected.

Candidate Form

A screenshot of a mobile application interface for a candidate form. The background is a stylized landscape with mountains and a lake. The form is a white card with a green header. The header contains the candidate's name 'Serlina German', email 'serlinagerman@gmail.com', phone '(812) 123 - 4321', and website 'www.serlina.com'. Below the header, there are three sections: 'I'll graduate in May, 2016 as Master in Human Computer Interaction Design', 'I want to apply :', and 'I prefer to work at :'. The 'I want to apply :' section has seven buttons: Interaction Designer, Visual Designer, Android Dev, iOS Dev, Web Dev, Marketing, and Sales. The 'I prefer to work at :' section has four buttons: Palo Alto, San Francisco, New York, and Los Angeles. At the bottom of the form, there is a green bar with the text 'Are these correct?', a back arrow, a progress indicator (four dots, the last one is green), and a green checkmark button. A small yellow sign with 'Loch Ness' and 'NO SWIMMING' is visible in the bottom right corner of the background.
